Sports and Extra-Curricular Activities at Ponsonby Intermediate School

Updated for January 2023

What does Ponsonby Intermediate offer outside the New Zealand Curriculum?

This document outlines the extra-curricular activities and sports which are on offer at Ponsonby Intermediate as well as the teachers that are in charge of each one. The students will find out about these opportunities in our daily notices, our school newsletter, the school website and at the assemblies that take place during the week. We are not limited to the sports and activities stated below and are more than happy to help co-ordinate with parents if interest in a certain activity arises. Also, these activities may not always take place every year and will depend on availability of resources (facilities and equipment) and the amount of interest from the students. You will find the teachers email on our school website.
